

SMARTED - AI INTEGRATION IN SCHOOLS

2024-1-LT01-KA220-SCH-000244021

2nd Project Meeting Newsletter

The 2nd Transnational Project Meeting of the SmartEd project was successfully held on 28–29 June 2025 in Karditsa, Greece, hosted by Educom+.

Partners gathered at Domotel Arni Hotel for two days of productive collaboration, planning, and cultural exchange.

Key Discussions & Progress Highlights

During the meeting:

- The 1st interim report was presented and project progress was evaluated.
- Results from Work Package 2 (WP2) were reviewed.
- A detailed work plan for WP3 and IO2 was shared and partner responsibilities were clarified.
- Discussions focused on piloting activities and the next Learning Training and Teaching Activity (LTTA) in Lithuania.
- The meeting closed with a group evaluation and certificate ceremony.

The partnership demonstrated excellent collaboration and steady progress towards project goals.

SmartEd - AI Integration in Schools

CULTURAL HIGHLIGHTS

Cultural activities were also an integral part of the TPM. Participants visited Meteora, one of Greece's most iconic UNESCO World Heritage Sites, where they explored the awe-inspiring monasteries nestled atop dramatic rock pillars. A scenic excursion to Lake Plastiras offered a moment of connection with nature and local culture, enriching the overall experience.

These activities strengthened intercultural bonds and reminded all partners of the value of blending professional collaboration with cultural appreciation.

What's Next?

The SmartEd consortium moves forward with piloting IO2 and preparing for the upcoming LTTA in Lithuania. Stay tuned for more updates and results from our ongoing work!
